On Thursday, April 12, the sixth grade Leadership Academy winds up the year with a field trip to Plymouth Bluff Environmental Center for two very different sessions. The groups will learn about reaching consensus with Jeremy Martin, from the Secretary of State's Office, and they will also put into practice what they've learned about teamwork and problem solving on the Center's low ropes course.

Following the morning's sessions, the students will have lunch on the campus of MUW, followed by two final experiences in creative problem solving led by MUW staff and students.

What a great way to end the 2011-2012 Leadership Academy!
