

TCPS Dining Program Information

Zest Culinary Services is proud to announce our new dining partnership with TCPS! Zest is committed to providing an exceptional dining experience where people, hospitality, and food are always a top priority. Get ready for a fresh approach to school dining with exciting new menu offerings designed to delight every palate! A local dining partner, Zest is the southeast's premier food service provider offering customized dining programs.

Student Lunch Accounts

Every student and faculty member will have a cafeteria account for all purchases. If you had a positive balance with Elior, it will automatically be transferred to your new Zest account. This year, we will utilize FACTS to manage all cafeteria accounts, pre-orders, and payments. This exciting feature allows parents to conveniently manage lunch accounts through the same Family Portal already used for other school-related activities.

Cafeteria information, monthly menus, and pricing will be available on the TCPS website.

Before School Breakfast

Fuel up before the bell! Students can enjoy rotating breakfast biscuits and sandwiches along with yogurt parfaits, fresh fruit cups, and pastries.

K3–3rd Grade Meal Options
